

S2 Fig. Survival outcomes of patients with estimated glomerular filtration rate (eGFR) < 30 mL/min and those with eGFR \geq 30 mL/min but < 60 mL/min and Eastern Cooperative Oncology Group performance status (ECOG PS) 2. Comparison of progression-free survival (A) and overall survival (B) between patient subgroups with eGFR < 30 mL/min and those with GFR \geq 30 mL/min but < 60 mL/min and ECOG PS 2.
